

natexpo

PARIS 2019

For nearly 30 years, Natexpo has been a major event for all market players bringing together producers, manufacturers, processors, distributors and specialists in the sector at national and international level.

Natexpo is the only business development platform for all of the players in the sector, food, cosmetics, health food and dietary supplements, ingredients, services and equipment for retail, household products and services.

Now held annually, Natexpo is this year back in Paris, with a 25% surface growth compared with the last Paris event, and an international surface up by 40%.
